## COMPANY POLICY

Clogher Excavations Pty Ltd is committed to implementing the requirements of the N.S.W. Occupational Health and Safety Act throughout the organisation and at all work locations.

It is the company's policy to prevent injury or illness by providing a safe and healthy working environment for its employees.

This policy forms part of the company's Quality Assurance system whereby procedures for executing work are detailed together with the responsibilities of employees, supervisors and managers.

The commitment shown by the company's management to Occupational Health and Safety and Quality Assurance is also expected of all employees.

This document should be read in conjunction with Clogher Excavation's Quality Assurance Manual and working procedures so that an overall understanding of the company's operation can be obtained

Clogher Excavations will plan and undertake its works in accordance with this policy.

Tom Clogher  
General Manager
